Melissa,

Thanks. I'll check to see who is available. I'll also prepare an RFQ for disposal of the drum.

Hi [Ex. 6 - Personal Privacy]

It looks like none of the days you were available next week will work for ERT. They are only available to sample on March 18<sup>th</sup>. Right now it is uncertain if the sampling will move forward, but if you could check and see if a member of START would be available observe the sampling, because another change is ERT wants to be the ones collecting the samples not START.

Also, if the air sampling does not move forward we need to schedule the pickup and disposal of the drum that is still at the DEP Elkview Warehouse.

Thanks,

Melissa
